The President, 1970-71  
American College of Surgeons

Howard Mahorner, the 51st President of the College, is clinical professor of surgery at the Louisiana State University School of Medicine, New Orleans. He is the fourth New Orleans surgeon to assume the presidency of the College.

Doctor Mahorner was born in Mobile, Alabama, on February 11, 1903, and received his M.D. degree cum laude from the University of Pennsylvania Medical School in 1925. Following his graduation, he studied further at the University of Minnesota, Mayo Foundation, in Rochester. He was a surgical resident there, receiving his M.S. in surgery in 1929. He began his practice in New Orleans in 1931.

In 1950, Dr. Mahorner founded the Mahorner clinic. A past chairman of the

surgical department of the Baptist Hospital in New Orleans, he continues as surgeon to that hospital. He is a staff member at Mercy Hospital, a senior visiting surgeon to the Charity Hospital of Louisiana, consulting surgeon to the Ear, Eye, Nose & Throat Hospital, a visiting surgeon to Touro

Infirmery, and consulting surgeon to DePaul Sanitarium, all of which are in New Orleans.

A Fellow of the College since 1935, Dr. Mahorner—from the very beginning—assumed an active role in College affairs. He has chaired many committees and has served both as secretary and as chairman of the ACS Board of Governors. He was elected to the Board of Regents in 1965. In addition, the new College president was the first

president of the Louisiana Chapter for three years, 1950-53.

Dr. Mahorner was a founding member of the American Board of Surgery. In 1957 he served as president of the Southeastern Surgical Congress, receiving—in 1969—the Congress' highest award. He has been president of the Southern Surgical Association, the American Thyroid Association, the New Orleans Chapter of the American Cancer Society, and the Alumni Association of the Mayo Clinic. He holds membership in the Society for Surgery of the Alimentary Tract, the American Heart Association, the Louisiana Heart Association, the Council on Cardiovascular Surgery, the Société Internationale de Chirurgie, and the Royal Society of Medicine in England.

A major in the United States Army Reserve, 1939-1943, Dr. Mahorner—in 1960—served as a consultant to European military hospitals for the U.S.

Army Surgeon-General's office.

Active, too, in the civic life and fraternal affairs of his adopted city, New Orleans, this Mobile-born surgeon is a member of the New Orleans Opera House Association, serving on the executive committee of its board of directors. He is a member, also, of the city's Citizens Committee on Planning and Zoning, and has devoted considerable time and effort in working with the United Fund for the Greater New Orleans Area. A dedicated bibliophile, Dr. Mahorner is renowned for his collection of fine editions and first editions of the classics.

Dr. Mahorner has co-authored two texts on subjects related to vascular surgery, and has written extensively in scientific journals and other publications on surgery of the vascular system, the biliary tract, and the thyroid gland.

He is married to the former Stella Hebert. He and Mrs. Mahorner are the parents of three daughters.

## Fellowship Pledge

Recognizing that the American College of Surgeons seeks to exemplify and develop the highest traditions of our profession, I hereby pledge myself, as a condition of Fellowship in the College, to live in strict accordance with all its principles and regulations.

I pledge myself to pursue the practice of surgery with scientific honesty and to place the welfare of my patients above all else; to advance constantly in knowledge; and to render willing help to my colleagues, regard their professional interest, and seek their

counsel when in doubt as to my own judgment.

Upon my honor I hereby declare that I will not practice the division of fees, either directly or indirectly. I further promise to make my fees commensurate with the services rendered and with the patient's rights. Moreover, I promise to deal with each patient as I would wish to be dealt with were I in his position.

Finally, I pledge myself to cooperate in advancing and extending the ideas and principles of the American College of Surgeons.

*The illustrations on the cover and page 9 are reproductions of woodcuts made by Jan Kalkan, a 16th century illustrator and pupil of Titian, to illustrate works by Andreas Vesalius. They appear in the 2-volume edition of Andreae Vesalii Opera omnia anatomica and chirurgica, a collection of Vesalius' works published in Leyden in 1725. The volumes are part of the College's library of rare books.*
