Your Access to the Brightest Surgical Minds— The Ones Who Need What You Have to Offer

Why Invest in Clinical Congress?

It's simple. All of the decision-makers you want to meet are here under one roof.

As one of the most extensive surgical meetings with an audience of nearly 80% general surgeons, Clinical Congress is a customer-rich marketplace for companies demonstrating new products, services, and innovative solutions that improve patient care and help drive health systems forward. Surgeons are ready to see and experience proven new concepts—they're prepared to learn from you!

Industries Represented in the Exhibit Hall:

- Medical Devices
- Medical Instruments
- Medical Technology
- Risk & Compliance Management Solutions
- Surgical Equipment
- Education & Training
- Surgical Technologies & Solutions

Important Information for New Exhibitors

One of the reasons Clinical Congress is such a success for exhibitors is that each company's products and services are directly related to surgical practice. The Clinical Congress Exhibits Committee reviews each application to help ensure that attendees have a quality experience in the Exhibit Hall. Only companies displaying products directly related to patient care and safety or the practice of surgery are accepted. If your application is not accepted, your deposit will be returned. Products deemed unrelated to Clinical Congress include but are not limited to skincare lotions or ointments, massagers or nerve stimulators, and mobile phone accessories. If you have any questions about whether your product is acceptable, please get in touch with Christine Carchia at ccarchia@tradeshowlogic.com.

If you know your product is related to patient care and safety or the practice of surgery, create your account to reserve a booth.

Consider [Advertising and Promotional Opportunities](#) to enhance your organization's visibility. Check back regularly for updates!

Exhibitor Packages & Pricing

In-line booth:	\$43.50 per sq ft
Corner booth:	\$44.50 per sq ft
Island booth:	\$41.50 per sq ft
