CONVOCATION AND INITIATES
OCTOBER 9
CIVIC AUDITORIUM
SAN FRANCISCO

| THE 1969 CONVOCATION |

THE PRESIDENT, 1969-70
AMERICAN COLLEGE OF SURGEONS

Joel W. Baker, the 50th President of the College, is chairman of the department of surgery of the Virginia Mason Hospital and the Mason Clinic, Seattle, and clinical professor of surgery at the University of Washington School of Medicine.

His career in general surgery spans four decades, during which he has earned national eminence as a distinguished surgeon and dedicated humanitarian.

Doctor Baker was born in Shenandoah, Virginia, on January 17, 1905, and received his M. D. degree from the University of Virginia School of Medicine in 1928. During his senior year he doubled as an extern, then took the rest of his training at Virginia Mason Hospital, and thereafter joined the staff of the Mason Clinic. He married Mary Elizabeth Russell of

Seattle, and they have four sons, two of whom are physicians going into residency this year.

Doctor Baker serves as consulting surgeon for Madigan General Army Hospital, Bremerton Naval Hospital, and the U.S. Public Health

Hospital in Seattle, in a similar capacity with Seattle's Harborview Medical Center, Children's Orthopedic and St. Frances Xavier Cabrini Hospitals, and for the Northern Pacific Railway Company. In 1965 he made a three-month tour of military medical bases in the Far East as a civilian consultant for the Surgeon General of the Army. Long devoted to the advancement of medicine in Alaska, Doctor Baker guided the establishment of the Alaska Medical Association and was the first honorary member (in 1946) of that

group's predecessor organization, the Alaska Territorial Medical Association. In recognition of his accomplishments in this area, Doctor Baker was awarded an honorary Doctor of Laws degree from the University of Alaska in May of this year.

Doctor Baker qualified for Fellowship in 1935, and has long been active in College affairs. He served on the Board of Regents for nine years, 1954-63; he was a member of the Task Force on Colon, Rectum and Anus, 1963-64; he has been a member of the College's Commission on Cancer since 1964; and a member of the Committee on Surgical Education in Medical Schools since 1967.

A diplomate of the American Board of Surgery since 1939, Doctor Baker is an emeritus member of that body's examining board. He has served on the Advisory Committee to the Cancer

Control Program of the United States Public Health Service since 1966.

Doctor Baker is credited with the introduction of several original surgical techniques; likewise, he has published extensively on scientific and educational subjects. A former consulting editor for *Surgery, Gynecology & Obstetrics*, he served on the editorial board of *Pacific Medicine and Surgery* and is consulting editor for the proposed *Quarterly Journal of Surgical Technic*.

The new College President was the first president of the Washington State Chapter of the College, is a past-president of the Puget Sound Surgical Society (since amalgamated with the Seattle Surgical Society) and is president-elect of the Pacific Coast Surgical Association. He serves as a director for the United States in the James IV Association of Surgeons.

| FELLOWSHIP PLEDGE |

Recognizing that the American College of Surgeons seeks to exemplify and develop the highest traditions of our profession, I hereby pledge myself, as a condition of Fellowship in the College, to live in strict accordance with all its principles and regulations.

I pledge myself to pursue the practice of surgery with scientific honesty and to place the welfare of my patients above all else; to advance constantly in knowledge; and to render willing help to my colleagues, regard their professional interest, and seek their counsel when in doubt

as to my own judgment.

Upon my honor I hereby declare that I will not practice the division of fees, either directly or indirectly. I further promise to make my fees commensurate with the services rendered and with the patient's rights. Moreover, I promise to deal with each patient as I would wish to be dealt with were I in his position.

Finally, I pledge myself to cooperate in advancing and extending the ideas and principles of the American College of Surgeons.
